601 So. Union St. Fx (978)989-9972
Lawrence, MA. 0184 www.d6industries.com

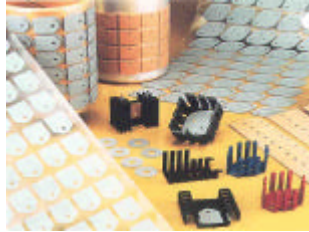

Thermal Solutions for Electronics

Heatsink Compounds

Typically stocked

Thermally Conductive & electrically insulating Interface Materials

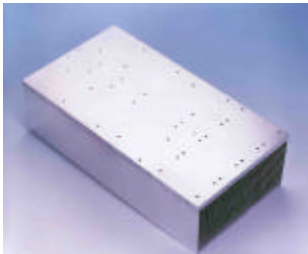

Standard 1 – 2 week delivery

PadFinder software

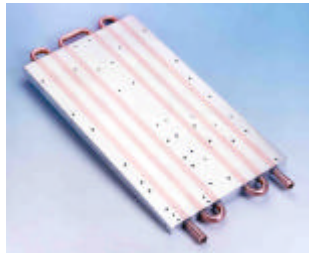

Free!! download from website

Bonded Fin Heatsinks

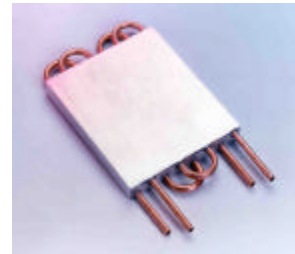

Many standard sizes

Standard Liquid Cold Plates

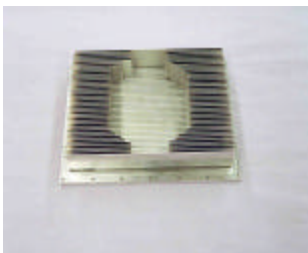

Standard 5.00'' wide 4-pass
Standard 10.00'' wide 6-pass

High Performance Liquid Cold Plates

Standard 5.00'' wide
less than $.008^{\circ}\text{C}/\text{W}$ in 6'' length

Custom High Performance

Air cooled and liquid cooled
Heatsinks for all applications

Custom Conversion & Die Cutting

Nomex, Mylar, Formex, Gaskets
All types of insulators and shielding
Products.

Thermal Design Assistance

D⁶ can offer full thermal design assistance. With complete manufacturing capabilities, D⁶ can take your thermal cooling requirements from initial concept to full production.

From start to finish!!

D⁶ Industries has over 40 years of thermal design and manufacturing experience. D⁶ can offer a complete thermal solution, from medium to high power electronics cooling.
